Introduction

MOMAIZAH METAL FABRICATION FACTORY LLC (MFF GROUP) was established in 1983 in Dammam's Second Industrial City, Saudi Arabia. It is equipped with the latest machinery, equipment and staffed by highly skilled workers, engineers and professionals of various nationalities.

MFF GROUP manufactures a wide range of metal products which could be generally categorized under three main lines:

MFF lab systems[™] manufactures a complete range of laboratory furniture including Fume Cupboards, Laminar Flow Cabinets, Balance Tables, Titration Tables, etc. according to internationally accepted standards. Lab systems are designed and manufactured in metal and stainless-steel casework (modular, C-Frame and free standing) for specific purposes including chemical, environmental, industrial, medical, research, and educational purposes.

MFF metal fabrication[™] product line consists of a variety of products and services including but not limited to:

- a) School & office Furniture – such as student and instructor desks, cabinets, magazine stands, lockers and a wide selection of chairs & tables for restaurants, lounges, waiting rooms, libraries, dining halls, etc.
- b) Hospital Furniture – examination tables, monitor stands, cylinder stands, hospital beds, etc.
- c) Other Metal products:
 - Steel Structures – design, fabrication and installation of heavy steel structures for warehouses and factories, including space frames.
 - Gates – commercial, industrial motorized and manual gates.
 - Doors – hollow metal and fire rated doors and frames.
 - Decorative Metalwork – handrails (stainless steel and metal), stainless steel claddings and similar products.
 - Aluminum Works-such as perforation, embossing, claddings and similar products.
- d) Electroplating Services – electroplating using Zinc, Nickel, Chromium, Brass, Cadmium and Copper.
- e) Powder & PVC Coating Services – includes coating of steel and aluminum products with polyester or epoxy powder. PVC coating of electric conduits, pipes and similar products.

MFF playgrounds™ designs and manufactures various play structures for different age groups and purposes; selecting from a wide range of components including slides, swings, tunnels, platforms, barriers, vertical climbers & ladders, panels, roofs, guard rails and bridges, Rock n Rides, Carousels, See-Saws etc. Along with this line, park and site benches, trash-receptacles, bike-racks and grills are added to complete the playground experience.

MFF Aluminum™

Our product range is wide and varied. We presently offer systems that includes:

- Standard Unitized Façade – Conventional, Two-sided structural glazing, Four-sided structural glazing System and Skylights.
- Curtain Wall System - Conventional, Two-sided structural glazing, Four-sided structural glazing System and Skylights.
- Thermal Break Hinge Door and Windows.
- Thermal Break Sliding Doors.
- Non-Thermal Break Hinge Door and Windows.
- Non-Thermal Break Sliding Doors.
- Aluminum Composite Cladding Works.
- Stainless Steel Cladding Works.
- Canopies
- Decorative Handrail Works, Spiral Staircase Handrail Works
- Translucent Sheet Works
- Skylights
- Space Frames / Spider Glass Façade

II. COMPANY PROFILE

Name of company: Momaizah Metal Fabrication Factory LLC.
(MFFGROUP)

Address: P.O. Box 2263, Dammam 31451,
Saudi Arabia

Telephone Number: +966 -013 - 8121125

Telefax Number: +966 -013 - 8121043

E-mail: info@mffgroup.com
shadman@mffgroup.com

Web Site: <http://www.mffgroup.com>

Status of the company: Limited Liability Company (LLC)

Owner / Managing Director: Eng. Shadman Rashid

Commercial Registration 2050014455 – Dammam-since 1404 (1983)

Capital Investment: SR 13,695,000

Total work force: 182

Approved vendor: Saudi Aramco, Sabic and
Others.

III. MISSION AND VISION

Mission:

To manufacture a wide range of laboratory and hospital furniture, playground equipment, steel structures and shades to the highest standards of quality and safety; serving the industrial, public and private sectors in Saudi Arabia and the Middle east.

الرسالة:

تصنيع مجموعة واسعة من أثاث مختبرات المؤسسات الصحية، ومعدات ملاعب الأطفال، و
الهيكل العنبرية والمظلات من تجايب لومنيوم وفقاً لأعلى معايير لجودة ولسلامه، وتقوم
الخدمات لتلصناعي تطلق قطاعي العام والخاص في لمهكة على بيعة ودية والشرق
الأوسط.

Vision:

We aspire to become a leading manufacturer, providing affordable solutions with innovative design, outstanding service and superior quality.

الرؤية:

نطمح أن نكون شركة رائدة في مجال التصنيع وتقديم الحلول لقطاعي و تصاميم مبتكرة
وخدمات متميزة وبجودة عالية.

VI. LIST OF MACHINERY, EQUIPMENT AND VEHICLES

Machine Shop

1. Universal high-speed milling machine
2. Lathe machine
3. Grinding machine
4. Drilling machine
5. Punching machine

Welding & Fabrication Shop

1. Smart tube CNC Laser Cutting Machine (HG-Tech)
2. CNC Pipetube Bending Machine (Hanjie Machinery Co. LTD)
3. Waterjet Cutting Machine (Sigmacut)
4. Hydraulic Press Machine 300 Tons
5. Hydraulic Press Machine 500 Tons
6. Electric steel cutting machine
7. Power Hack saw
8. Welding Machines (MIG)
9. Welding Machines (TIG)
10. Welding Machines(ARC)
11. Handheld Laser Welding Machine 2x
12. Hydraulic Punching Machine (Ironworker) 2x
13. Pipe roller Bending Machine 2x
14. Delta wood saw
15. Scaffolding Equipment
16. RHA Total Robotic Solution Cell for Manufacturing Metal Parts of Hospital Bed
17. Jigsaw

Sheet Metal Shop

1. Laser Machine (Salvagnini L3-30)
2. CNC Bending Cell (Prima power)
3. CNC Press Break (Yawei)
4. Hydraulic folder machine (CAMRRI)
5. CNC Turret Punch (TAILIFT HP1500)
6. Sheet bending machine (MAC Machinery)
7. Shearing Machine (LVD-HD)
8. Sheet Roller (Small)

Painting Shop

1. Spray Painting Machine gun
2. Heating Chamber accessories (Set)
3. Air compressor GA 11-15

Powder Coating Section

1. Powder coating line with WAGNER controller and electrostatic guns
2. Heating chamber (Oven)
3. Air compressor (Atlas FD 7 100)

Sand Blasting

1. Master Blaster (blasting equipment)

Electroplating Section

1. Rectifier
2. Plating and washing tanks
3. Heavy duty weighing scale
4. Dryer
5. Overhead hoist
6. Filters

Polishing Section

1. Belt sander
2. Buffing machines
3. Grinding machines

Assembly and Installation Section

1. (a) Diamond drilling machine (Vacuum – HILTI)
(b) Vacuum pump
(c) Water pump (Supply unit)
2. Generator set
3. Portable drills (Hilti) big
4. Portable drills (Hilti) small
5. Jack hammer

Aluminum Machine

1. Double Head Saw
2. Copy Router 2x
3. End milling
4. Manual saw
5. Automatic cutter
6. screw compressor
7. Air dryer
8. Crimping machine
9. Manual vertical cladding saw
10. CNC router cladding
11. Vertical drill 2x
12. Sheet Rolling Machine
13. Profile Rolling Machine
14. Manual bending machine
15. Dust collector quadrable
16. Dust collector binary
17. transformer
18. Manual punching machine 2x
19. Manual welding machine 2x

Company Vehicles

1. Mazda Pick Up
2. Mazda CX9
3. Mazda CX9
4. Isuzu Truck
5. Isuzu Pick Up
6. Faw Truck
7. Nissan Pick Up
8. Mazda 6
9. Hyundai Bus
10. Hyundai Truck
11. Mazda 3
12. Hyundai Truck
13. Mazda CX9
14. Hyundai Accent
15. Mitsubishi Pajero
16. Toyota Camry
17. Mitsubishi Truck
18. Toyota Prado
19. Toyota Pick Up
20. Toyota Pick Up
21. Nissan Sunny
22. Toyota Bus
23. Toyota Bus
24. Mitsubishi Fork Lift 2.5 Ton
25. Mitsubishi Fork Lift 3.0 Ton
26. Toyota Fork Lift 5.0 Ton
27. Changan Pick Up
28. Changan CS75 plus
29. Changan CS75 plus

VII - Metal Fabrication

Client	Description of product or services provided	Year undertaken
Saudi Industrial Gas (SIGAS)	Fabrication and supply of stands for gas cylinders, hexagonal nuts & round nipples for H2 & Co2	2000-2001
Al-Yousef Establishment, Saudi Arabia	Fabrication and supply of shelves & tire racks for the depot in the supply warehouse Dhahran Airbase	2001
King Faisal University	Fabrication and installation of handrails.	2001
Tourism Enterprises Co.	Fabrication & supply of sunshades.	2001
Al Aujan Industries, Saudi Arabia	Fabrication and supply of debugging stations, conveyor belts, stainless steel doors with meshed glasses	2002
Al Hareth Establishment, Saudi Arabia	Stainless steel cladding for columns, machine enclosures for Core Area storage building in Saudi ARAMCO.	2002
Diab Plastic Factory, Saudi Arabia	Fabrication and erection of the steel structure for expansion	2002
Saudi Wiemer & Trachte Ltd., Saudi Arabia	Supply & installation of metal doors & gates including the hardware, buffer tank and aluminum cladding.	2002
SGB Dabal, Saudi Arabia	Fabrication & supply of scaffolding holders	2002
Al Latifia Trading & Contracting Co., Saudi Arabia	Fabrication, supply and installation of powder coated hand rails, chairs, counter tops & stainless-steel queuing rails.	2003
Al Muhana Trading & Contracting Est.	Fabrication and supply of stainless-steel queuing rails, counter tops and terminal boxes. Supply of equal angles & other miscellaneous materials, aluminum jacketing, fire hose cabinets, emergency safety cabinets.	2004
International Schools Group – Jubail, Saudi Arabia	Fabrication & installation of space frame structure at the Jubail American School.	2004
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Fabrication and supply of stainless-steel angle rings, vent cowls, Pedi-grids, reception counters.	2004
International Schools Group Rahima International School	Fabrication & installation of space frame shades at Rahima International School.	2004
Saudi ARAMCO	Supply of stainless-steel handrails for Dhahran Aramco.	2004
Saudi ARAMCO	Fabrication & supply of stainless-steel handrails & steel wire mesh.	2004
Al Mana General Hospital	Fabrication, supply and installation of stainless-steel wall shelves, cladding for scrub sinks and stainless-steel cabinets.	2004
Saudi ARAMCO	Fabrication, supply and installation of work fences and gates, tack boards, and marker boards, wall covering panels, PVC coated picnic tables,	2004-2005

	benches, permanent benches, trash cans and custom caseworks.	
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Fabrication, supply and installation of Airfield ground lighting base 10mm. Supply and installation of Stainless-steel kitchen hood with filter construction.	2005
Abdul Rahman Al-Utaishan Group, Saudi Arabia	Steel structure shade for gas station in Dammam	2006
Al Bawani Co. Ltd., Saudi Arabia	Fabrication, supply and installation of stainless-steel lavatories	2005
Saudi Iranian Belt Factory, Saudi Arabia	Fabrication & supply of steel structure for factory construction, steel gates, boundary walls & handrails	2006
Saudi ARAMCO	Fabrication & supply of folding tables (3 separate orders)	2006-2007
Modern Industries Co., Saudi Arabia	Fabrication and supply of stainless-steel stands, speed belt conveyor, case trolleys, stainless steel rims for modification of change over, stainless steel tubes/valves for Downy filters, change part trolleys, machine head lines	2006-2007
Saudi Aramco	Supply and Installation of Electrical Work at Rastanura Middle School	2018
Group Five Pipe Manufacturing Factory, Saudi Arabia	Fabrication of pipe ramp entry, X-ray machine testing Boom, portable Laboratories, supply & installation of laboratory case work, of beveling units	2006-2007
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Fabrication, supply & installation of canopy, water stoppers, stainless steel curved rail, stainless steel mirror finish cladding, handrails with clear glass	2006-2007
Aziz European Pipe Factory, Saudi Arabia	Fabrication & supply of pipe bevel and protector	2006
Al Zamil Steel Industry	Fabrication of Aluminum sheet, cutting, punching, marking & bending Flat bar/cut hole	2006-2007
Al Mana General Hospital	Fabrication & supply of Kick plates, push plates Fabrication & supply of floor mounted handrails Fabrication & supply of S.S handrails	2006
Al Shawaf International Co Ltd.	Fabrication & supply of S.S Lavatory	2006
Bahlaq Trading Est.	Fabrication & supply of S.S stand	2006
SGB Dabal Scaffolding, Saudi Arabia	Manufacture and supply of name-tag holders for scaffolding	2006
Dar Al Sinha	Supply & Installation of SS Counter tops / Shelving	2006
Al Mana General Hospital, Saudi Arabia	Manufacture and supply of beds & lockers	2007
Bargash Aramco Project	Fabrication, supply & erection of 3 vessel with spiral stair	2006-2007
Saleh Al Faraj Co., Saudi Arabia	Manufacture and installation of steel structure & sliding doors	2007-2008
Saudi Aramco	Manufacture & installation of car park shades at Aramco Aviation department	2007-2008

Middle East Battery Co	Miscellaneous Steel work	2007
Al Latifia trading & Contracting Co. (LATCO)	Manufacture & Installation of Steel Works	2007-2008
Group Five Pipe Manufacturing Factory, Saudi Arabia	Manufacture of pipe skid	2007-2008
Group Five Pipe Manufacturing Factory, Saudi Arabia	Supply of welding tower unit	2007
Aziz European Pipe Factory, Saudi Arabia	Fabrication & supply of pipe bevel and protector	2007- 2008
Saleh Al Faraj Co., Saudi Arabia	Fabrication & supply of Oven & Fluidizing bed	2008
Modern Industries Co., Saudi Arabia	Supply of Safety hand guards	2007-2008
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Fabrication, supply of Cap flashing w/drip edge both sides, Stainless Steel	2007
Modern Industries Co., Saudi Arabia	Supply of packing & size change over materials trolley	2007
Al Shawaf International	Supply of SS sink units	2007
Al Latifia trading & Contracting Co.	Manufacture and supply of boundary wall fencing	2008
Saleh Al Faraj Co., Saudi Arabia	Fabrication & Installation of SS Handrails, SS reception counter	2008
Saudi Steel Pipe (SSP)	Supply of Steel Clips & Plastic cap	2006-2007-2008
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Supply of Stainless-Steel Handrails	2008
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Supply of Post, Slip plates & clamps	2008
Al Mana General Hospital	Supply of heavy-duty beds	2008
Aziz European Pipe Factory, Saudi Arabia	Supply of pipe bevel and protector	2008
Al Muhadib Contractor	Supply of stainless-steel cabinets	2008
Modern Industries Co	Supply of SS Sink	2008
Janan Furniture Co, Republic of Yemen	Supply of Hollow Metal double swing doors	2008
Al Latifia Trading & Contracting	Fabrication & supply of boundary wall fencing	2008
Modern Industries Co., Saudi Arabia	Supply of Exhaust ducting and accessories	2008
Modern Industries Co., Saudi Arabia	Supply & installation of control room benches	2008
Modern Industries Co., Saudi Arabia (MIC)	SS Buggy for air lit room	2009
Nesma & Partners Contracting Co. Ltd., Saudi Arabia	Supply of Sign Post	2009
Al Muhaidib Contractor	SS Decorative Ceiling	2009
Seven Star Industries	Supply & Installation of Steel Fencing, Sliding gates	2009

AlMabani General Contractors	Manufacture & Supply of Airfield Light Base Prince Sultan Airbase	2009
AlMabani General Contractors	Manufacture & Supply of Airfield Light Base Madaan Saleh Airport	2009
AlMabani General Contractors	Manufacture & Supply of Airfield Light Base Hail airport, Najran & Taif Airport	2009-2010
AlMabani General Contractors	Manufacture & Supply of Airfield Light Base Riyadh Airport	2010
Daelim Industry Co	Fabrication & Supply of Kitchen Cabinets & Lockers	2010
SABIC	Supply of heavy-duty cabinets/lockers/machine table	2010
SABIC	Supply of Heavy-duty storage shelves/working tables	2010
SGB Dabal, Saudi Arabia	Fabrication & supply of scaffolding holders	2011
Aziz European Pipe Factory, Saudi Arabia	Supply of pipe bevel and protector	2011
Saudi Aramco	Supply & installation of Swing gate and Trilock 60 series	2011
Aqesa	Supply of Deep Can & Spacer Ring	2011
AlMabani General Contractors	Manufacture & Supply of Airfield Light Base	2011
Saleh Al Faraj	Supply of Steel Building	2011
Saudi Aramco-Al Latifia	Supply & Installation of Pipe supports for chilled water piping	2012
Aqesa	Supply of Deep Can & Spacer Ring	2012
Saudi Aramco-DH	Supply & installation of Police check point shade at Gate #1, 2 & 40	2012-2013
Saudi Aramco-DH	Supply & installation of Police check point shade at Gate # 60 & 90	2012-2013
SABIC	Supply of Heavy-duty Mobile tool Cabinets	2012
Saudi Steel Pipe Co	Supply of Bevel Protector	2012
Modern Industries Co., Saudi Arabia	Supply of Monitor Desk with Cabinets	2012
Al Latifia Trading & Contracting	Supply of Perforated Panels	2012
Al Latifia Trading & Contracting	Supply & Installation of Access Platform for BC01 & BC03	2012
Al Latifia Trading & Contracting	Fabrication, Supply & Deliver of Scupper	2012
SABIC	SUPPLY & INSTALLATION OF HVAC & BMS SYSTEM	2012
Al Oasis Contracting co	Supply & installation of Trellis	2013
M & M United Company	Supply of Cast Iron Tree Grating	2013
Maaden Aluminum	Flame proof Safety Storage	2013
Saudi Aramco-DH	Sunshade at Bldg. 1965	2013

Arcelor Mittal	Supply of cupboard with sliding door	2013
Chevron	Wall cabinet	2013
Saudi Aramco-Abqaiq	Supply of Steel Swing gates	2013
Aramco-Jedawel Compound	Supply of Sauna Cover (4504133093)	2014
Aramco-DH	Supply & Installation of diving board stand (4504163382)	2014
Aramco-Jedawel Compound	Supply of swimming pool handrails (4504090302)	2014
Saintco	Supply of Airfield light bases	2014
Sabir	Fabricated Furniture of HIC (4501425336)	2014

*Prepared internally by MFF group management
Revised on January 2025*

INTRODUCTION LETTER

The quality and safety of our products is our first and foremost consideration. At each step of the operation, namely the planning and design, material acquisition, lay-outs, production and finally delivery and installation; these two key elements are considered for assurance of customer satisfaction which is our main objective.

The main operation of any project starting from fabrication to other services such as coating and electro-plating services (such as powder coating, plastic coating, PVC coating, Cadmium plating, Nickel plating, Chrome plating and Galvanizing) are carried out in the factory using the wide range of facilities and latest machinery available.

To accomplish our primary goal of maintaining high standards of quality and safety, MMF Group has laid down and adheres to an "Internal Quality Control Procedures and standards" documented code of practice. This manual embraces all steps and phases of the production starting from the selection of suppliers for the procurement of materials to fabrication, treatment, coating, electroplating, finishing, assembly, packaging, storing, shipping and recording in the accounts.

The Primary Purpose of this initiative is to ensure:

- Adherence to our Quality and Safety Standards*
- Conformity with the Standard specifications required by our clients*
- To ensure that our products are competitive in terms of quality and price.*

ii. Quality Control Procedures for Ordering / Purchasing Raw and Semi-finished Materials

1. Review and analyze the customer's material specification requirements. For all material / components, take a careful note of grade, density, moisture content, sizes, colors, dimensions etc.
2. Set the proper quantity & estimated cost of materials needed.
3. If applicable, provide detailed or perspective shop drawings complete with dimensions, sizes and specifications prior to fabrication for approval by the customer or customer's representative. Once approved, these drawings and specifications shall constitute the final specifications and the basis for ordering and purchasing materials.
4. If drawings and specifications were furnished by customer, customer's drawings and specifications shall be the final basis for ordering and purchasing materials.
5. Ask quotations from material suppliers. In these quotations, make sure that drawings and specifications mentioned above (3 and 4), whichever applicable are included.
6. Review supplier's drawings and specifications to ensure that they correlate or compare with our drawings and specifications submitted to them; or to customer's furnished drawings and specifications whichever applicable, (use form no. cpf-02/89 specification comparison form.)
7. Identify any deviations or revisions made on the required specification, ask for justification of proposed material specifications from the supplier. ARAMCO or Royal Commission approval may be requested in case of such deviations or revisions.
8. Review and study the proposed or substitute material specifications and make notes accordingly.
9. If there is any deviation or revision made from the required specifications submitted, discuss with the customer the proposed or substitute specifications along with justifications received from supplier for final approval. Furthermore, ask a sample of proposed or substitute materials from the supplier, supply this sample to the customer and get signature as confirmation.
10. No ordering of materials shall be made unless written approval from customer is received confirming any deviations and revisions.
11. Prepare a detailed purchase order for materials needed. See to it that all drawings and specifications required under no. 3 and 4, whichever applicable, were correctly specified and incorporated in the purchase order.

12. For all components in finished form materials check and inspect at supplier's yard before. See to it that density, moisture, content, grade, etc. conforms to specifications detailed on our purchase order. Furthermore, ask for a signed and stamped certification from the supplier certifying that the goods specifications are correct and are in accordance with the specifications requested.
13. The engineer who is responsible for the quality control of material must periodically inspect and check the materials produced at the supplier's factory, and submit a production progress report.
14. When ordering materials, always specify in the purchase order that the supplier must give a warranty for a period of at least one year from the date of delivery. The supplied materials should be free from defects, in design, materials and workmanship. Should any defects be detected within the warranty period, it must be corrected or replaced by the supplier free of charge.

iii. Control Procedures for Receiving Raw & Semi-Finished Materials

1. An actual physical count of materials received must be made. Count the total material quantity received by lot, size, box, bundle, and by description or name/type of material.
2. Check and compare the total quantity received against delivery receipt/order, packing list and purchase order. Any discrepancy must be noted and identified by type, name description, size, lot, box no., etc.
3. Checking and sampling of materials received must be made immediately. See to it that materials received were made in accordance with the specifications and sizes as per agreed upon documents and as per purchase order.
4. For all materials in finished form, check carefully and see to it that proper sizes, grades, density, moisture content of the finish products were made in conformity and in accordance with the required specifications.
5. If materials received do not conform to the specifications required, materials must be rejected and the supplier notified accordingly.
6. If any materials received are missing or damaged, irrespective of whether the damage has occurred during transportation or they are factory defects, obtain an exception report securing driver's or local freight agent's confirmation of such damage, defect or loss. This report is essential in resolving any claims.
7. Do not sign any delivery receipt/notes unless the stated procedures have been completed.

iv. Quality Control Procedures for Manufacturing, Coating and Plating Process

1. All operational units (i.e. fabrication, bending, painting, electroplating, powder coating sections, etc.) must be oriented and familiarized with the specifications and products to be manufactured or coated. If possible, each unit is provided with a copy of the drawings and specifications.
2. Set specific production time-frames and schedules for each unit. See to it that only qualified and highly skilled personnel were assigned in each unit.
3. If customer requested a complete finished sample, fabrication of this sample must take place prior to mass production for approval by customer or customer's representative. Once approved, the sample shall constitute the final standard or specifications for mass production.
4. Fabrication and production of all metal and or other component members must take place prior to treatment, painting, coating, electroplating, etc.
5. During the production processes, one engineer or a foreman, who is responsible for quality control at production, must visually inspect during the entire production levels or stages that the specifications, sizes, thickness of paint and chrome coating oven temperature, etc. are achieved and are in accordance with the required specifications.
6. The factory foreman is responsible for preparing reports of production.
7. The following sub-sections apply to quality control for the powder coating plant.

1) Material Ordering / Purchasing and Receiving:

- 1.1. All raw materials arriving at the factory such as chemical, powders, etc. will be visually inspected for confirmation to specifications.
- 1.2. All incoming cable Trays, ladders and accessories will be inspected to insure no damage has occurred during transportation.
- 1.3. Any non-conformity or damage discovered in 1.1, 1.2 will be rejected and returned to the supplier.
- 1.4. Read and apply any applicable parts of the "Factory Internal Written Quality control Procedures Manual" Chapters II and III.

2) Pre-treatment Stage:

- 2.1 All Pre-treatment chemicals will be checked for conformity to specified parameters. And all readings will be recorded at least twice in every 8 hours of work. (use Form QCPT - 0076A)
- 2.2 Any adjustments on the above parameters or addition of chemicals should be recorded using the form (QCPT – 0076B)
- 2.3 Pick up two random samples of any products to be pre-treated twice a day and record Hot-dip Galvanizing thickness using the digital electro-meter record data using the form (QCPT – 0076C). Reject any material that reads less than 60 Micron thickness and return to supplier.
- 2.4 Read and apply any applicable part of the factory "Internal Quality Control Procedure Manual" Chapter IV.
- 2.5 Visually inspect Pre-treated material for conformity to data sheets supplied by each chemical supplies. Any part with discrepancies should be returned to Tank 1 for a repeat of pre-treatment stage.

3) Powder Coating:

- 3.1 All coating parameters should be checked before the commencement of coating. Form (QCPC-0096-A) should be filled at the beginning of each shift. Start production after assuring that all parameters are set properly.
- 3.2 Inspect visually to ensure that the specified powder (Polyester) is used in the hoppers. Also make sure that the correct color code appears on the box.
- 3.3 Each part should be inspected prior to leaving the booth area to insure complete coverage. Touch ups will be accomplished at this time. QC Engineer need not inspect every part, however, he should instruct the powder coating operator or his foreman to carry out an inspection.
- 3.4 Random Samples of parts leaving the oven should be inspected for proper cure and coating thickness. Use form (QCPC-0096-B) to record your data. Any non-conformity should be rejected.
- 3.5 Random samples of finished products should be sent to the lab for tests on adhesion, hardness etc. Number of samples and frequency of selection should be set by consultant.

4) Plastic Coating:

- 4.1 All coating parameters should be checked before the commencement of coating, forms QCPC-0096A and QCPC-0096C should be filled at the beginning of each shift, start production after assuring that all parameters are set properly.
- 4.2 Inspect visually to insure that the specified powder (PPA 571 ES) is used in the hoppers. Also make sure that the correct color code appears on the box.
- 4.3 Each part should be inspected prior to leaving the booth area to insure complete coverage. QC Engineer need not inspect every part personally, however, he should instruct the plastic coating operator or his foreman to carry out this task.
- 4.4 Random samples of parts leaving the oven should be inspected for proper cure and coating thickness. Use form QCPC-0096B to record your data. Any non-conformity should be rejected.
- 4.5 Random samples of finished products should be sent to the lab for tests on adhesion, hardness etc. Number of samples and frequency of selection should be set by the consultant.

v. Quality Control Procedures for the Finishing

1. Visual inspection and sampling of finished parts / items must be made systematically.
2. Visual inspection and checking for the specifications, sizes colors, thickness of coating, etc. of the finished parts / items must be made. See to it that all required specifications are properly achieved.
3. Any finished parts / items which do not conform to the required specifications must be returned to production for represses.
4. The client's authorized representative must be ask to inspect, check and clear the finished parts / items before packing and shipping takes place.

vi. Quality Control Procedures for the Assembly, Packing, Storage & Shipping

1. Assembling and packing of finished products must be made in accordance with customer's instructions and MFF Standards.
2. Unless otherwise indicated, individual packing and storing must be made in boxes, cartons and plastic bags and all items securely sealed. Bulk packing is not allowed unless requested by customer.
3. In packing, storing and shipping, see to it that all parts or component members are complete.
4. A quality controller for assembly, packing, storing and shipping, whose responsibility is mainly to check the accuracy of assembly, packing, storing and shipping, must see to it that goods or products are properly assembled, packed, stored and all individual component members are complete before closing and sealing each box and that the material is cleared for shipment. The controller is required to sign the shipping documents.
5. All components of each shipment / delivery are unitized and boxed and securely packed, strapped and covered. Marking of boxes or bundles of each shipment / delivery must be made according to customer's instructions.
6. Do not release any goods for shipment / delivery unless proper documentations (delivery receipt / loading manifest packing list, etc.) for shipment / delivery are completed and signed by the Finance Department.
7. For safety purposes and whenever necessary, containerized trucks leased from reputable transport companies must be used for shipment / delivery.

ACCREDITATION DOCUMENTS**

أرامكو السعودية
saudi aramco

Saudi Aramco E-Reference No. 0003411

Registration Approval Letter

January 10, 2021

Attention : MOMAIZAH METAL FABRICATION FACTORY LLC. (MFF GROUP)

CR Number : 2050014455
Country : Saudi Arabia

We are pleased to inform you that MOMAIZAH METAL FABRICATION FACTORY LLC. (MFF GROUP) is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10012389, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center +966 (13) 874-2222.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9C QMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

Fax : 812-1043

Attention: Mr. Shadman Rashidi; Owner & General Manager

Dear Sir:

We are pleased to inform you that your company is now included in the Saudi Aramco Supplier Information System, under Vendor Code 10012389 for the following products, provided your company continues to meet relevant Saudi Arabian and Saudi Aramco standards:

Material Group No.	PRODUCT
600000462	DOOR; BUILDING; NON BLAST; PANEL
600000512	CABINET; KITCHEN; RESIDENTIAL;
600000517	RAIL; STAIRCASE RAILING;
6000001693	UNIT; LABORATORY FURNITURE;
6000001911	UNIT; FURNITURE; RETAIL MERCHANDISING;
6000001916	UNIT; EQUIPMENT; FOR GYMNASIUM.
6000001935	SHELF; METAL; FOR SHELVING;
6000001950	MACHINE; PLAYGROUND EQUIPMENT;
6000001952	CABINET; RESIDENTIAL KITCHEN;
6000003093	FURNITURE: SCHOOL AND LIBRARY;
6000003094	FIXTURE; FURNITURE: SHOP

This approval, however, should not be construed as a commitment by Saudi Aramco to purchase from you, but your company will have the opportunity along with other approved sources to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures.

We would like to thank you for your interest in Saudi Aramco, and take this opportunity to reiterate that it is Saudi Aramco's policy to encourage the use of nationally manufactured materials.

SUBJECT : REGISTRATION NOTIFICATION

Dear Mr. RASHIDI,

We would like to thank you for your interest in being a supplier for **SABIC Services Limited (SSL)**.

This is to acknowledge that your Registration Request and Documentation have been reviewed and accepted. SSL has Registered your Company and assigned **SSL Vendor Number 102519** to you.

Please note that Registration doesn't mean you are qualified to provide products and/or services. Formal evaluation will be made to your Company to qualify you in future based on business need.

Your data will be kept in the **SSL-CPO Vendor Data Bank** and accessible by **CPO Buyers** who will work with **Supplier Qualification and Development Staff** should a need for your products/services arise. Until you are qualified, **Supplier Qualification and Development Staff** will be your point of contact for all matters.

Best regards,

SAMI A. AL-JAMIL

Dear Business Partner,

Please be informed that you have been qualified and registered with FARABI Petrochemicals to conduct business within our organization's policy. Qualification means that you are eligible to receive Request for Quotations (RFQ) and Purchase Orders (POs) for your designated area of business. However we are not giving any guarantee or commitment to receive such requests or orders.

We are implementing new management systems related to EHSS that will develop our process and products and increase the positive impact towards our society, business partners and customers. We strongly believe that we can effectively achieve our goals by working hand in hand with our business partners. Refer to our website for more information about EHSS Management Systems and our PO/Contract General Terms and Conditions. For more information about our EHSS Policy, please refer to our website www.farabipc.com.

Please note that you have to update your registration information/profile on annual basis.

Best Regards,

Sulaiman K. Al-Homaidan
